

## Sacchetticio Nazionale G. Corazza to celebrate its second European Paper Bag Day on Oct 18

PONTE SAN NICOLÒ, Italy , Oct. 2, 2019 (Press Release) - At Sacchetticio Nazionale G. Corazza spa the core business is still the production of paper sacks since 94 years!

Our heart is Green and we love Paper since ever!

Despite the strong business diversification done during the last 20 years which led us to produce also flexible packaging, our focus has remained the paper and paper sacks.

The 2nd European Paper Bag Day at October the 18th gives us the great opportunity to inform the market that, because we believe in the Future of Paper, our company has invested, once again, in order to increase the capacity of our paper sacks production plant.

At the end of October, just few days after the European Paper Bag Day, we will receive the new production line, one of the most technologically advance paper sacks production machine in the World.

Company events during the 2nd European Paper Bag Day - October the 18th, 2019:

Open House for employee's families and citizens with tours  
Flash Mob with our range of Environmental Friendly paper sacks  
Presents for schools of our city: our Environmental Friendly paper sacks for the waste collection

We are happy to be a paper sacks producer!
